

BE STRONG – Be Strong

Words: Robin Paglia-Dennis Music: Susan Colin © 2010

Chazak, chazak, v'nit chazeik

The day is done
The task complete
You proved that you can shine
Your glow fills those around you
And their words echoed through your life

Oh, be strong, be strong, be strengthened
Be strong, be strong, be strengthened

Sometimes we do what's easy
Rather than take the time to care
Sometimes what's right is hard to do
And now for this you'll be prepared

Oh, be strong, be strong, you will be strengthened

Look up, look out
Behind you and beyond
We strengthen one another
Our voices join in righteous song

Be strong, be strong, be strengthened
We will be strong, be strong
We will be strengthened

When you have to make a choice
Think of those who came before
This wish for you will help you
To remember *l'dor vador*

If this moment is of happiness
Or maybe it's a moment of pain,
Remember you don't stand alone
Now, take strength as link in this wonderful chain

Be strong, be strong, be strengthened
